("the licensee")

to undertake work with asbestos subject to the conditions below. The licence is granted from **10 September 2007** and shall remain valid until **9 September 2010** unless revoked in writing by an authorised Person.

CONDITIONS

1. This licence or a copy thereof, should be made available on request by the licensee for inspection by any person to whom the licensee submits a tender or quotation for work with asbestos and shall be available for inspection at all worksites. A copy of the licence shall accompany each notification required by Condition 2.
2. The licensee shall give notice in writing of the work to the appropriate HSE or local authority office at least 14 days before the work is commenced, or such other period as the authority will allow. The notice shall specify the type of work to be carried out, the likely duration of the work, the address of the premises at which the work is to be carried out and the date of commencement of the work activity. The enforcing authority must be informed in writing as soon as possible if this information changes. This condition will not apply for any work carried out with asbestos, which is subject to the exemptions specified in Regulation 3(2) of the Control of Asbestos Regulations 2006 or when the licensee hires out employees (at operative level) to other licensees.
3. The notice of work required by Condition 2 above shall include:
 - a) a suitable and sufficient written statement of the method of work to be used;
 - b) a suitable and sufficient written specification for the equipment for the protection and decontamination of those engaged in asbestos work and also for the protection of other persons, as appropriate to your work.
